ABOUT ME

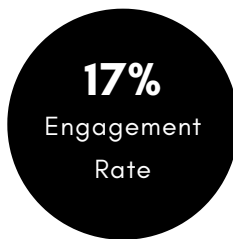

My name is George Henry Nolan. I'm a British/Zimbabwean photographer based in Galicia, Spain. Whilst travelling around Italy in 2016, I discovered that I had a passion for capturing those unique memories and locations which you will often only see once in a lifetime. This led me to purchasing my first camera not long after returning home.

Since then, I have travelled to over 15 countries with my camera, dog and partner (who appears in most of my shots) in tow.

WHO HAVE I WORKED WITH?

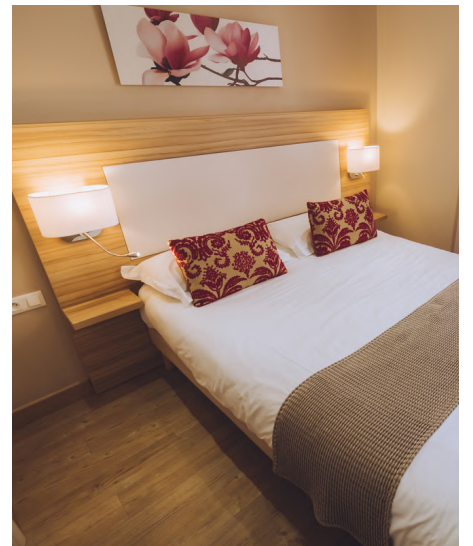

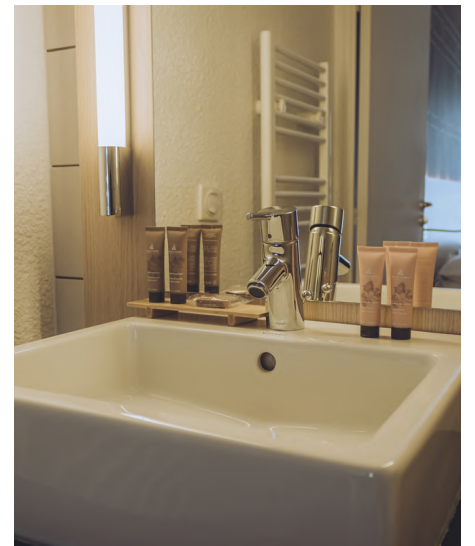

TESTIMONIALS:

"It was a pleasure working with George, he really understood our needs and delivered exactly what we'd asked for. He's really pro and his work is beautiful. Besides, he's a very nice person! We hope to collaborate again in the future." - **Bianca: Luberon Coeur de Provence**

"What about our collaboration - all the team are very grateful for the photos. The landscapes George chose are very breathtaking (that's the logical reason why we want to use his photos in the future!)." - **Mary: Huru**
